

## RF / Microwave Signal Sources

4 GHz, 6 GHz, 12 GHz, 20 GHz & 26.5 GHz Options Available

January 2016 - Price List

	Model No.	Part No.	Description	List Price USD
			<u>4GHz &amp; 6GHz Frequency Options:</u>	
4.0 GHz Options	835-4		9kHz - 4000 MHz RF Signal Generator	\$6,950.00
6.1 GHz Options	835-6		9kHz - 6100 MHz RF Signal Generator	\$9,750.00
		-R	19" 1U rackmount enclosure	\$1,250.00
		-RB	Internal rechargeable battery module & electronics	\$985.00
		-PE	Power range ext. to -120 dBm for Model 835 Series	\$2,500.00
		-G	GPIB interface added	\$917.00
		P/N8000-W3	Warranty extension to 3 years, Model 835 Series	\$500.00
		P/N8000-W5	Warranty extension to 5 years, Model 835 Series	\$1,417.00
			<u>12GHz, 20 GHz, &amp; 26.5 GHz Frequency Options:</u>	
12 GHz Options				
20 GHz Options				
26.5 GHz Options	845-20-LO		100kHz - 20 GHz Microwave Signal Generator, CW only (no modulation)	\$13,462.00
	845-26-LO		100kHz - 26.5 GHz Microwave Signal Generator, CW only (no modulation)	\$19,457.00
	845-12		100kHz - 12 GHz Microwave Signal Generator (Full Modulation)	\$13,167.00
	845-20		100kHz - 20 GHz Microwave Signal Generator (Full Modulation)	\$17,000.00
	845-26		100kHz - 26 GHz Microwave Signal Generator (Full Modulation)	\$22,995.00
		-HP	High Power - output power enhanced	\$2,835.00
		-R	19" 1U rackmount enclosure	\$1,250.00
		-G	GPIB interface added	\$917.00
		-PE	Power range ext. to -90 dBm (845-12 & 845-20)	\$2,835.00
		-PE	Power range ext. to -90 dBm (845-26)	\$3,835.00
		-FS	Ultra Fast Switching	\$4,665.00
		-LN	Ultra Low Phase Noise	\$4,165.00
		-RB	Internal rechargeable battery module & electronics	\$985.00
		P/N8000-W3	Warranty extension to 3 years, Model 845's Listed Above	\$1,000.00
		P/N8000-W5	Warranty extension to 3 years, Model 845's Listed Above	\$2,500.00
			<b>Module Base Signal Generators:</b>	
	835-M		9khz - 3000 MHz RF Signal Generator Module	\$4,000.00
	845-M		0.01 to 20 GHz Low Noise Synthesizer	\$9,000.00
	845-M-X		0.01 to 20 GHz custom dual phase-locked synthesizer	\$22,667.00

# Signal Source Analyzer (SSA) & Real-Time Spectrum Analyzers

SSA/PNT - 5 MHz to 7 GHz & 26.5GHz  
 RTSA - 8 GHz, 18 GHz, & 27 GHz Options Available

January 2016 - Price  
 List

Model No.	Part No.	Description	List Price USD
<u>Signal Source Analyzers / Phase Noise Test Systems:</u>			
7300		5 MHz to 26.5 GHz Phase Noise Tester	\$46,000.00
7070		5 MHz to 7 GHz Phase Noise Tester	\$35,615.00
	-G	GPIB interface added for Model 7300 & 7070	\$1,215.00
	-LN	Very Low Noise Internal Synthesizer for Model 7300 & 7070	\$8,167.00
	P/N8000-W3	Warranty extension to 3 years, Model 7300, 7070	\$1,250.00
	P/N8000-W5	Warranty extension to 5 years, Model 7300, 7070	\$4,167.00
<u>Real-Time Spectrum Analyzers</u>			
RTSA7500-27		Real-Time Spectrum Analyzer, 27 GHz / 100MHz, Real-Time Spectrum Analyzer software included	\$14,140.00
RTSA7500-18		Real-Time Spectrum Analyzer, 18 GHz / 100MHz, Real-Time Spectrum Analyzer software included	\$10,405.00
RTSA7500-8		Real-Time Spectrum Analyzer, 8 GHz / 100MHz, Real-Time Spectrum Analyzer software included	\$6,150.00
RTSA7500-8B		Real-Time Spectrum Analyzer, 8 GHz / 10MHz, Real-Time Spectrum Analyzer software included	\$3,950.00
	P/N7123	19" Rack shelf supports two horizontally mounted or six vertically mounted (requires vertical mounting kit, P/N 7124) including fasteners for RTSA7500's	\$645.00
	P/N7124	Vertical mounting kit for 19" rack shelf. Kit contains six vertical mounts including fasteners. Does not include the rack shelf, must purchase P/N7123 also. for RTSA7500's	\$540.00
	P/N7125	Wall Bracket, includes features for RTSA7500's	\$215.00
	P/N7127	10,000 mAh 12V battery for RTSA7500's	\$215.00
